## MANAGE HYBRID WORK ENVIRONMENTS, EMPLOYEE WELL-BEING, DEI INITIATIVES, AND MORE.

Kokomo provides a single, reliable system that keeps you in control of your team's health and safety as workers, workspaces and the world continue to shift.

### HELP YOUR STAFF FEEL SECURE AND FOSTER TRUST.

Kokomo's incident management system gives you the ability to efficiently track events from injury to a threat of violence to a maintenance concern. Using Kokomo's case management tools, you'll be able to patterns leading to detrimental behavior.

Quickly respond and resolve incidents so your employees will feel confident in the safety of their workplace.

### KEEP EVERYONE IN THE KNOW

From company news to emergency alerts about dangerous weather, easily share updated with selected groups or your entire organization via SMS, push notifications, email, voice messages and more.

Provide employees with easily accessible information to keep them safe, focused and engaged.

[Kokomo NOTIFY™](#)

### HELP EVERYONE BE HEARD.

Whether it's a slippery floor or an angry exchange between co-workers, you can respond and resolve incidents more quickly when employees share safety concerns with you.

Increase the possibility of rapid incident resolution by making workplace reporting safe and easy.

### MAKE IT EASY FOR EMPLOYEES TO ACCESS RESOURCES.

From iPads to shared desks, let employees view available resources and make reservations remotely.

Help workers be more productive by providing easy access to tools and workspaces.

[Kokomo ACCESS™](#)

### KEEP YOUR LOCATIONS SAFE AND SECURE

Whether hosting a meeting or managing daily visitors, you can protect your community by screening and tracking guests and even managing access.

## Our Clients

"The system has been significant in allowing us to keep track of our employee's surveys. Implementation was painless and without any issues. Kokomo support has been GREAT. Very responsive in answering questions and implementing new features based on feedback."

KENNETH C. MOK  
Assoc. AIA Associate Director of Information Technology | Rockwell Group
